CALIFORNIA ITEMS.

Capitalists from San Francisco have been examining mines in Calaveras county.

The bank of Yolo has levied an assessment of 30 per cent. upon its capital stock.

Redding is full of strangers, consequently the hotels are doing a good business for this time of the year.

The Chico iron foundry has just cast a gas retort weighing 1,700 pounds for the local gas company, and is doing a rushing business.

Otto Fletcher, a gentleman of Angels' Camp, Calaveras county, while out hunting for gold the other day picked up a chispa weighing a little over $17.

Dave and Dan Miller and I. B. Richardson run on to a nice little pocket about 10 days ago, about two miles northeast of Shingle Springs, Eldorado county, and think they have a good thing.

Vallejo, Cal, is agitated over an increase in the liquor license from $10 to $20 per month. There are 68 licensed liquor sellers in Vallejo. The leading business interest of Vallejo is considerably excited over the matter.

The report that there was a break in the levee on the Sutter side near G. W. Hiatt's place, in Yolo county, has led many to believe that this gentleman's ranch was flooded. Such is not the case, however, as his land is still high and dry. The break has flooded about 1,000 acres of land, however, but none of Mr. Hiatt's.

An elopement was attempted in Wheatland on Saturday evening, but was frustrated by the vigilance of the relatives of the young lady. The services of two young men were engaged to take the girl to Marysville, where the bridegroom expectant was waiting, but a big brother and a navy revolver caused the elopers to change their minds. We understand that the young lady has given up the idea of marrying.

W. M. Rackerby writes the Marysville *Appeal* and states that in 1856 he gave up all hopes of a crop because of the drouth and turned his stock into the fields. About the first of April rains fell and his fields of grain became so soft that the stock was driven out. But in a few days the grain came up strong from the roots and made as good a crop as ever was harvested in Yolo county. Mr. Rackerby offers this experience to farmers who have been grazing their grain fields during the past few week.

Twenty Years a Sufferer.

DR. R. V. PIERCE, Buffalo, N.Y.:

Dear Sir—Twenty years ago I was shipwrecked on the Atlantic ocean, and the cold and exposure caused a large abcess to form on each leg, which kept continually discharging. After spending hundreds of dollars, with no benefit, I tried your "Golden Medical Discovery" and now, in less than three months after taking the first bottle, I am thankful to say I am completely cured, and for the first time in 10 years can put my left heel to the ground. A Grave Affair.

BOSTON, April 8.

It is stated those present at the grave robbery at Tewksbury Almshouse on Friday, when a coffin was taken up, are witnesses that there was no desecration, the coffin having long been empty. It is understood that Governor Butler will show just when the grave was robbed and by whose authority. Officers of the State, armed with proper permission of the authorities of the town of Tewksbury, entered the grounds in broad daylight on Friday, in plain sight, and dug up and removed an empty coffin, which was forwarded to Boston, together with a cross marking the grave, without any attempt at concealment. The coffin was wrapped in gunny-cloth and was carried to the State House for safe keeping. While the State authorities were removing the coffin from the ground no attempt was made by any officer of the Almshouse to prevent the action, or even ascertain what was going on.

The Spring Conference adjourned to-day. Freedom Through Dynamite.

NEW YORK, April 9.

About 150 delegates from various Irish organizations gathered in Germania hall to-day to meet Dr. Wm. B. Wallace and a committee, with a view to arrange for the reception of Parnell, but Wallace and the committee remained away. The assembled delegates organized a meeting of their own, which was a noisy and angry one. Wallace was denounced and Parnell's peace policy repudiated, and dynamite declared to be the only policy of the future. In great confusion the meeting adjourned.

A Crank who Needs Killing.

PHILADELPHIA, April 8.

Herr Most spoke at a meeting of workingmen this afternoon in Germania theater. He advocated Communism, and said that the time was rife for a revolution, which he thought would soon sweep over Europe and America. He declared the Czar would not be crowned, and approved the course of the Irish terrorists and dynamiters.

Blackmailing an Actress.

PITTSBURG, April 8.

An attempt of Dr. G. H. Marshall of this city to blackmail the actress, Mary Anderson, has just come to light. Marshall wrote a letter to Miss Anderson's step-father, Dr. Griffin, in which he stated that he had letters of Miss Anderson's written to parties, which if published would create a sensation, and offering to sell them for $4,000. The postal authorities are now working up the case.

The Irish National Convention.

PHILADELPHIA, April 9.

The Central Union Land League has arranged for a national convention on the 26th instant, and instructed the executive committee to tender a banquet to Parnell. A dispatch from James Mooney intimating that Parnell would attend the convention was greeted with applause. Governor Pattison will be asked to preside at the Parnell reception at the Academy of Music. The Catholic Total Abstinence Union declines the invitation of the Land League to send a delegation to the National Convention, stating that it is under the protection of the Catholic Church and desired to keep aloof from politics. LOG ROLLING.

While Wrestling With a Fallen Tree a Lumberman Receives Consequential Damages.

While on a hunting excursion in the great coal and wood region near Carbondale, Pa., the writer met William Coil, a lumberman. Accustomed to life and labor in the forest from early manhood, he was a true Knight of the Axe. Many a tree had fallen before his ringing strokes, and fleets of rafts had bore away to market the sawed products. Coil is a character, and if Oscar Wilde is right in saying that all movements in unhindered labor are graceful, our friend William, stripped for his work and attacking a tree as Richard I. assaulted the heavy doors of Front de Beuf's castle, must have presented an admirable picture.

One day, however,—but let him tell the story himself, as he told it to me:

"I was out in the woods, you know, trying to start a log down a hill. Thinking I could get a better purchase on it from the lower side, I tackled it there with my log-rolling hook and threw my weight on the lever. She started, she did, but as luck would have it, before I could get out of the way, she rolled right over me. If it hadn't been for a lot of small limbs and brush lying in the road, which raised her up, she'd a crushed me flat. As it was, I got up without a broken bone, but with some mighty bad bruises."

"Then you were all right," said his auditor.

"Not by a blamed sight, stranger. I took cold, rheumatism set in, and if I hadn't heard of BENSON'S CAPCINE POROUS PLASTERS and used 'em, it's my opinion I should never have made another chip fly. But the Capcine took hold quick, and I'm 'bout as good as new. But there's one thing you kin kalkilate on: I shall never wrastle with another log unless I have the advantage of the ground. For, as I told you before, if it hadn't been fur them brushes I'd a been smashed so you couldn't a sold me fur a door mat."

The Capcine is the thing for rheumatism. It doesn't keep you waiting. The word CAPCINE is cut in the center of the genuine. Price 25 cents.

JOTTINGS.

Minor Occurrences in and About Town.

The Grand Jury is in session.

The farmers in the valley are very busy.

The blue-tailed fly is making himself numerous.

Considerable machinery is going west, mostly agricultural.

The Honey Lakers have whooped up the whooping-cough again.

Roadmaster Thompson has made a pretty good job of Virginia street.

Gen. Evans has received some very fine looking ore from Pyramid.

A party of experts will visit Truckee to-morrow to probe the possibilities of the district.

One of our solid property owners got on a jamboree this forenoon and howled through the streets like a band of coyotes.

W. A. Wimer at the Palace yesterday bought a fine breastpin from an Indian. It is supposed to have been stolen.

It is said that at the dance at Huffakers the other night somebody amused himself by cutting up harness and defacing buggies.

Who ever saw a well-dressed tailor? As a general thing, they don't seem to have any style about them, though they claim to be authority in that respect.

A big-mouthed boy at Gray's Peak,
Bit his sweetheart on her cheek,
St. Jacob's Oil brought
Relief, and she sought,
A smaller-mouthed beau that week.

Missouri must be a good State to emigrate from. Another invoice of able-bodied men arrived last evening from that State, and today pulled out for Honey Lake valley.

An Indian with a long, heavy beard attracted some attention at the depot this morning. He was probably indebted to the white man for the hirsute ornament, of which he seemed very proud.

PERSONALS.

Brief Mention of the Movements of Notables and Others.

A Flood of Immigration.

The tide of immigration is at its flood. An army is now moving westward from the older States, greater in numbers than any that has preceded it for many years. Fourteen car loads of home-seekers have passed Reno in the last 36 hours. In one train there were more than 500 persons, young and old, most of them from Colorado. This is somewhat singular, and seems to indicate that Colorado is overdone and cannot support the immigration that rolled in upon it a year or two ago. It is said that at least 50,000 persons will come to this coast during the ensuing season to look for homes in California, Oregon and Washington Territory.

Quincy Wants a Chance.

The Plumas *National* is using every endeavor to have the District Fair at Quincy this year. It has been held every year, with the exception of one, at Greenville, and perhaps it now will be Quincy's turn to have it at that place.

AGRICULTURAL SOCIETY.

Annual Meeting and Election of Trustees—Secretary's Report.

At the annual meeting of the N. S. A. M. & M. S. Saturday, 600 shares of stock were represented and the following gentlemen were elected Trustees for the ensuing year: W. R. Chamberlain, Jno. B. Williams, Jacob Stiner, A. A. Longley and Al. White. The Secretary's financial report was read and accepted. A vote of thanks was tendered Hon. C. C. Stevenson, W. R. Chamberlain and others. Annexed is Secretary Roff's report for 1882:

RENO, March 26, 1883.

To the Stockholders of the Nevada State Agricultural, Mining and Mechanical Society—Gentlemen:

In presenting a report at this annual meeting of the Society, it is proper that a review of the work performed by this Board should be had. Immediately after the election and organization of this Board, D. B. Boyd was elected Secretary, who resigned, and N. W. Roff was appointed in his stead. Frequent meetings of the Board were held and steps were taken to hold the Ninth Annual Fair. It was found that the Society was not in a position financially to undertake a Fair, and private subscription had to be solicited. Our citizens subscribed liberally, considering the depression of business, and the present Board received encouragement and assistance in many ways. The weather was our greater disappointment a heavy rain prevailing during four days of Fair week necessitated the postponement of a portion of the programme till the following week, at great inconvenience and loss, both to horsemen and the Society. It was well known that our speed ring, the entries to races and the Pavilion were unusually attractive, and had the weather permitted there would have been a large attendance, and success would have been assured.

It was impossible to pay the premiums owing to the great expense incurred in giving the Fair. Our speed programme was carried out as nearly as possible and the purses all paid. This was done to encourage the horsemen who had visited us, and to send them away with the feeling that notwithstanding the bad luck that had overtaken us we were willing to do the square thing. The grounds and buildings were put in proper repair and order, and all bills contracted by this Board were paid. We would beg leave to suggest that the incoming Board take steps to hold another Fair, but would suggest that the time for holding be made at an earlier date, and that similar purses be offered and the contests be confined as far as possible to our own District. This we believe would give better satisfaction, encourage our stockraisers more, and would prove financially successful to the Society. In conclusion we desire to extend our thanks to the press of the State for favors, to Hon. C. C. Stevenson, Wm. R. Chamberlain, and our citizens generally for assistance rendered, and advice offered. Below we give a complete statement of moneys received and paid out during our service, hoping the same will meet your approbation:

THAT DARKEY.

The True Pedigree of Hall's Cast-Iron Nigger.

Some months ago the GAZETTE contained a brief sketch of the negro figure-head which adorns the head of West Hall's engine. It would appear from the following correspondence of the Truckee *Republican*, that the GAZETTE was in error in some respects: "Permit me to say a few words in your paper, giving a true history of what the Reno GAZETTE calls the 'wonderful darkey.' The GAZETTE has undoubtedly been misinformed or it would not have said it was presented to Mr. Hall by Master Mechanic Stevens, as it was not his property, a fact that is well known. We first made his acquaintance in 1869, then the property of B. Winchester, who presented it to H. Gale in 1870, who placed it on his engine, No. 157, then drawing passenger trains from Sacramento to Truckee. In 1873 Mr. Gale assigned his engine, with the darkey, to B. Kelly, who had the misfortune to run into a rock near Cascade, and the nigger was taken to Sacramento, disabled, and put in the junk shop to be melted down. Mr. Gale, hearing of the misfortune of the old friend of his little girl, at her request had it brought to Colfax and placed in his garden, where it remained till 1876. The Nevada County Narrow Gauge obtained permission to run it a short time, after which it was returned. It was then placed in the yard at Blue Canyon, where it remained until Mr. Spoor sent it to Truckee to its present owner. Mr. Hall saw it and asked the loan of it, and the little girl consented. It is still her property."

LASSEN ITEMS.

Culled from the Columns of Our Susanville Exchange.

The following items are taken from the *Advocate* of April 5.

Five feet of snow between Susanville and Pine creek.

Snow fell here last Thursday and Friday nights to the depth of two or three inches.

In the water case of Evans vs. Ross et al. the Court has rendered its judgment, dismissing the action as to defendant Ross, and granting Ross his costs in the sum of $795.30.

D. C. Wheeler made a flying trip home last week, but remained only a couple of days, then returned to Reno, to look after the large bands of cattle he is wintering there.

The recent rains have softened the roads considerably, those leading north especially. This end of the Reno and Susanville road is said to be in fair condition, and the stages arrive on time.

Mrs. R. S. Flourney, an old resident of Plumas county, died at her home in Genessee valley, Wednesday, March 28th, after a lingering illness of several months. She leaves a large family to mourn her loss.

The farmers throughout this valley are feeling in very much better spirits since the late storm, and are making calculations on good crops. Many have commenced sowing, who had intended not to previous to the rain.

It has heretofore been reported that the stage from Reno to this place after the 1st of April would change to the Summer schedule, and come through in one day. The change will probably be made soon, but not until roads and weather settle.

Owing to the depth of snow on the summit beyond Prattville, the Oroville mail carrier was unable to get through with a wagon last Friday, and returned to Prattville, where he procured a pair of snowshoes, and went through Saturday. He says there is about six feet of snow on the summit.

The Late Register of the Susanville Land Office.

Many friends of W. H. Crane, late Register of the Susanville Land Office, believe him guiltless of any intention to commit a crime, says the Chico *Record*. The sum involved is so small that they do not doubt the whole truth will remove any suspicion of wrong-doing on the part of Mr. Crane. He was never in a condition where it was necessary for him to use money that was not his own, during his incumbency of that office, and, if there is anything wrong, it is believed to be the result of attempting to befriend others, not with money, but with a latitude in performing prescribed conditions. Considering the amount in question, those who know Mr. Crane will readily adopt such a view of the case.

A Tough Old Steer.

Among the cattle brought in from Iron Point by William Hope, yesterday, was a gaunt old steer made up of nothing but bones and hide. The animal got down in the car and was badly trampled upon by the other cattle, so that it had to be put off at the yard here. It was as wild as a coyote and as full of meanness, and not worth paying freight on. Jim Doherty said that according to the wrinkles on its horns the critter was at least 40 years old. He was driven out to Newt. Evans' place, where he got after a horse and gored it badly, and the last seen of him he was tearing down fences and wrecking everything he came across.

GOOD TIME.

A Railroad King Flies From Ogden to the Bay in One Day.

Henry Villard, who passed through Reno on Saturday, made good time from Ogden to San Francisco. He left the former place at 5:25 P. M. on Friday, and arrived at Winnemucca at 5:29 A. M. Saturday. He was so well pleased with the time made on the Humboldt Division that he gave the conductor $50, and the engineer, fireman and brakemen $10 each. He went through Reno about 10 o'clock in the forenoon, and at 3 P. M. arrived at Sacramento, 22 hours from Ogden, a run that usually takes 38 hours. At 5:25 P. M. he was in San Francisco, equaling the fast time made by the Jarrett and Palmer special some years ago. It is, in the regular way, a 40 hour trip, but Villard made it in little more than 24 hours. The train consisted of a private car and a Central Pacific sleeper, to add weight to it and enable the train men to better control it on heavy grades. From Sacramento to San Francisco the train fairly flew. Hank Small, well known to railroad men about Reno, was the engineer of the last lap. Mr. Villard will doubtless conclude that we know something about railroading.

SIERRA VALLEY ITEMS.

Interesting Scraps from Saturday's "Leader."

Hay is being held for $10 per ton by ranchers at Adams' Neck.

The Quincy and Reno stage, since the first of April, is making the trip in one day.

A few day's north wind has succeeded in absorbing considerable moisture from the ground and the roads are becoming passable again. If the wind continues we shall need more rain soon in order to insure good crops.

The storm had the effect of raising the water in the creeks. The trout can now ascend the streams and fishing will soon be first-class. It is not against the law now to catch them.

The ranchers around Loyalton have their grain nearly all in and expect good crops. There is a slight increase in acreage.

James Miller drove out a large band of cattle Tuesday to Downieville and Forest City. The road over the hill is now probably well broken.

The trial of Stubbs, for the murder of Jack Campbell, is set for the first Monday in May.

Mrs. Ruth, the noted rifle shot, is at Crescent Mills suffering severely from inflammatory rheumatism.

TRUCKEE ITEMS.

Scraps of Interest From a Lively Camp.

The following items are clipped from the *Republican* of April 7th:

A shooting tournament is talked of.

Dick Parks will have charge of the logging department of Lonkey & Smith's Banner mill.

Wood contractors are getting up their teams and putting their wagons in repair for the season's work.

Large quantities of freight are beginning to arrive in Truckee for the merchants of Tahoe and Sierra Valley.

At 3 o'clock this morning a fire broke out in Chinatown, which, for a moment, made the celestials hot, and threatened to envelop their town. It broke out in a washhouse near the river, and was fortunately subdued with damage only to the house where the fire originated. The entire loss will not be more than $500.

The quarterly apportionment of school money has been made. The total amount apportioned is $6043.80, the division of the funds being on the basis of $2.10 per pupil on the average daily attendance of the last school year. A special apportionment of $78.06 has been made to Pleasant Valley District, from a special tax levied there for building purposes. Truckee gets $220.50 and Boca $48.30.

Cattle Movements.

Barney Horn, buying for Horn & Chapman of Oakland, and Wm. Hope, agent for E. & H. Moffitt of San Francisco, went west yesterday with 18 car-loads of cattle from Iron Point, purchased of William Dunphy. Last night A. K. Lamb went through in charge of 170 head purchased of Hock Mason for Miller & Lux. Joe Marzen this morning shipped two cars of fat beeves to Truckee. Agents for San Francisco dealers are keeping a sharp lookout for cattle in large or small lots, and don't haggle much about the price so long as it is anywhere near ruling rates.

Geo. Fry of Lassen brought in to-day 100 head of beeves, and has for some weeks past had about 100 head here masticating Truckee Meadow hay.

An Experimental Shipment.

Last Friday George Lovelock shipped two car-loads of ore from one of his mines in Arabia, three miles from Oreana, to Chicago. The ore carries considerable base metal, as well as gold and silver. There is a large quantity of it in sight in the mine, and if it works satisfactorily a car-load a day will be shipped, says the *Silver State*.

GREAT ENDURANCE.

Harriman Makes the Longest Walk on Record Without Rest.

The all-absorbing topic for the past week in Truckee has been the Harriman walk, which terminated about midnight Saturday. He commenced his walk on Friday evening at 7 o'clock, and stopped at 12:40 Sunday morning, making 121 miles and 7 laps in little less than 29 hours, without stopping for anything whatever. The attendance from the start was large, and standing room only was the order. A large number of ladies were present, and the excitement towards the last was great. The fastest mile was the 42d, which was made in 9 minutes. The last half mile was made in 5 minutes and 36 seconds. This is the longest walk ever made by anyone without rest.
